A guardian home is an affordable way to give a family the opportunity to have the best puppy of the litter. While a guardian home is not for every family, its perfect for families that may not be able to purchase a puppy from our kennel. Rather than purchasing the puppy, the guardian home will receive the puppy at no cost. Puppies from premium kennels are costly causing families to search for a more affordable option. Often these options cause families unknowingly to purchase from back yard breeders or puppy mills. Guardian homes is a perfect method to stop puppies being raised in poor environments.

This program allows Natural Breed Kennels breeding dogs to be fostered by loving forever homes while still maintaining status as a breeding dog for a contracted number of litters. The guardian seeks to provide a puppy with a loving forever home and also support the breeder's breeding needs through the guardian home program.

Natural Breed Kennels holds **ALL** breeding rights to the dog until the dog has been bred 5 for females and 5 years for males. No dogs will be bred past the age of five for females and 5 years of age for males. The dogs will be neutered or spayed at our expense after the breeding requirements are met. Natural Breed Kennels reserve the right to cancel guardian program at any time, if we deemed it necessary. If for some reason, the puppy does not pass genetically testing, the dog will never be bred, and the guarding parents will have full rights.
